Hello! As many of you know, I am the Membership Chairperson for the Moen Lake Chain Association. I am writing to let you know that I am ready to process **membership dues** for 2017! We continue to have great response from the property owners on our chain, but there are still some that are not yet members. Please let them know about our association and what we do.

In 2016 we were able to add **buoys** to mark where the channel markers go in the spring. We also maintained the **channel markers** and put them in during spring, and took them out in October. Without the markers and the buoys, many unsuspecting boater could damage their boat or their prop!

Have you been to our fabulous **website**?! It's a great site to look at when you are missing your lake home and want to hear the news of the north! <http://moenlakechain.org>

Our volunteer board of directors puts out a **newsletter** 2 times per year. Past issues of the newsletter are posted on the website. (By the way, we are always looking for content for the newsletters and the webpage...if you have any news or photo's, please send them our way!)

Another place to keep in touch with what's happening on our chain is by being friends with us on **Facebook**! Search for our page: Moen Lake Chain Association . You can also submit photo's to the page for everyone to 'Like'.

Were you able to attend our **annual meeting** in July? We had a guest speaker talk to the group about wildlife rehabilitation. It was educational and entertaining! He even brought a live hawk and owl. This meeting is a great place to meet your neighbors and learn about what's happening on the chain.

We continue to volunteer at the **boat launch** to educate boaters and inspect for invasive species. Oneida County has many lakes that are filled with Eurasian Water Milfoil, Curly-Leaf Pondweed, Purple Loosestrife, and other invasive plants or animals that can be transferred to our lake. Please consider volunteering for boat inspections or any of the other committees listed on the membership form.

If you have any questions, please do not hesitate to call or email me!

Sincerely,

*Nancy Sattler*
